

Study Types in Epidemiology

Acknowledgments

The following people helped in developing and producing this course.

Narration and Content Expert

John Kobayashi, MD, MPH

Planning Committee

Janet Baseman, MPH, PhD

Jim Gale, MD, MS

John Kobayashi, MD, MPH

Victoria Holt, RN, MPH, PhD

Advisory Committee

Bonnie Barnard, MPH, CIC (MT Department of Public Health & Human Services)

Todd Damrow, MPH, PhD (MT Department of Public Health & Human Services)

Marcia Goldoft, MD, MS, MPH (Washington Department of Health)

Joe Grandpre, PhD, MPH (Wyoming Department of Health)

Barbara Riehm, RN, MN (Clark County Health Department)

Catherine Southern, BS (Oregon Department of Human Services)

Instructional Design

Judith Yarrow, MA

Graphic Design

Leslie Wall, BA

Module Review and Assistance

Rick Bruch

Cheryl Colehour

Francesca Holme

Jay LaPlante

Sarah Paliulis

A special thanks to Richard Dicker for permission to use examples from his book *Principles of Epidemiology in Public Health Practice* (3rd ed.), published by the Centers for Disease Control and Prevention. This module has also drawn information from the following epidemiology texts: *Epidemiologic Methods: Studying the Occurrence of Illness*. Thomas D. Koepsell and Noel S. Weiss. Oxford University Press, 2003. *Epidemiology* (3rd ed.). Leon Gordis. Elsevier Saunders. 2004.
